

How to Get There!

Highway 55 Route to Sweet Ola Highway:

Turn right out of the Winco parking lot proceed west to Highway 55 (at the first traffic light) and turn right. Head north for 20 miles to Horseshoe Bend. Turn left at Hwy 52. There is a Chevron station on the corner where we may stop to top off. In roughly 9 miles you come to the Sweet Ola Highway which is a right turn. The turn is about .3 mi past the Montour Country Store.

Highway 16 Route to Sweet Ola Highway

Turn right out of the Winco parking lot and proceed west on Hwy 55 through the traffic light for 7.5 miles to Hwy 16. Turn right and head north for about 15 miles. Stay on Hwy 16 into Emmett. At the third traffic light turn right on Hwy 52 north. There is a Chevron station at this corner where we can stop to top off. Four miles north on Hwy 52 the highway turns right onto Black Canyon Hwy. About 11 miles further, just past the Triangle Resturant turn left onto the Sweet Ola Hwy.

Sweet Ola Highway to Third Fork Cabin:

Follow the highway through Sweet to Ola. Continue through Ola, the road is now called Hancock Rd. The road makes a bend to the left and then a hard right. Continue north to the junction at Squaw Creek, which is about 5 miles north of Ola. Head left at this junction on Third Fork Road. Continue on Third Fork Rd, after about 5 miles you will pass a junction with NF618 that heads right/east. Stay on Third Fork and continue north. Two more miles you will pass Sheep Creek Road to the left, just keep going straight. Another 3 miles you will arrive at the junction of NF653 just past the Third Fork Cabin. Turn right onto NF653.

Third Fork Cabin to the Viewing Site:

About 5.6 miles up NF653 we will come to a well marked junction with NF625 which goes off to the left. Take this road up the hill. It winds around south, then west, and then turns back north along the top of Third Fork Ridge. Another 5 miles will bring you to our site! You can't miss it because it is a huge parking area and from there the road makes a hard turn to the east.
